Is a Building Permit or Electrical Permit required? Yes No
If the answer is yes please include appropriate application and information.

This permit application shall be submitted with the following information:

1. A narrative describing an overview of the project including the number of acres to be involved, the number of wells to be drilled, the location of all structures and a description of equipment to be used, to the extent known.
2. A narrative describing the project as it relates to existing or anticipated Natural Gas Compressor Stations or Natural Gas Processing Plants.

3. The address of the Oil or Gas Well Site, Natural Gas Compressor Station or Natural Gas Processing Plant for the information of Emergency Responders.
4. Contact information of the individual or individuals responsible for the operation and activities at the Oil and Gas Development shall be provided to the Township and all Emergency Responders. Such information shall include a phone number where such individual or individuals can be contacted twenty-four hours per day, three-hundred sixty-five days a year. Annually, or upon any change of relevant circumstances, the Applicant shall update such information and provide it to the Township and all Emergency Responders.
5. A location map of the Oil and Gas Development showing the approximate location of drilling rigs, equipment and structures and all permanent improvements to the site and any post construction surface disturbance in relation to natural and other surroundings. Included in this map shall be an area within the development site for the location and parking of vehicles and equipment used in the development and use of the site. Such location shall be configured to allow the normal flow of traffic on public streets to be undisturbed.
6. A location map of the Natural Gas Compressor Station or Natural Gas Processing Plant including any equipment and structures and all permanent improvements to the site.
7. A narrative and map describing the manner and routes for the transportation and delivery of equipment, machinery, water, chemicals and other materials used in the Oil and Gas Development.
8. Certification satisfactory to the Township that, prior to the commencement of Oil and Gas Development, the Applicant shall have accepted and complied with any applicable bonding and permitting requirements; and shall have entered into a Township roadway maintenance and repair agreement, in a form acceptable to the Township solicitor, regarding the maintenance and repair of affected Township streets.
9. A description of, and commitment to maintain, safeguards that shall be taken by the Applicant to ensure that Township streets utilized by the Applicant shall remain free of dirt, mud and debris resulting from site development activities; and the Applicant's assurance that such streets will be promptly swept or cleaned of dirt, mud and debris occurring as a result of Applicant's usage.
10. Certification that a copy of the operation's Preparedness, Prevention and Contingency Plan has been provided to the Township and all Emergency Responders. The Applicant shall maintain at the well site and on file with the Township a current list and the Material Safety Data Sheets (MSDS) for all chemicals used in the Applicant's operations.
11. Certification that the Applicant, upon changes occurring to the operation's Preparedness, Prevention and Contingency Plan, will provide to the Township and all Emergency Responders the dated revised copy of the Preparedness, Prevention and Contingency Plan while drilling activities are taking place at the Oil or Gas Well Site.
12. Assurance that, at least 30 days prior to drilling, the Applicant shall provide an appropriate site orientation and training course of the Preparedness, Prevention and Contingency Plan for all Emergency Responders. The cost and expense of the orientation and training shall be the sole responsibility of the Applicant. The Applicant shall not be required to hold more than one site orientation and training course annually under this section.

13. Copies of the documents submitted to the Department regarding environmental impacts of the project, or if no documents have been submitted to the Department, a narrative describing the environmental impacts of the proposed project on the site and surrounding land and measures proposed to protect or mitigate such impacts, as well as copies of all permits issued by appropriate regulatory agencies or authorities relating thereto.
14. Copies of all permits and plans from the appropriate regulatory agencies or authorities issued in accordance with applicable laws and regulations for the proposed use.

The permit fee that is established by resolution will be due at the time that the permit is issued.

I hereby acknowledge that the information contained herein is true and correct, and I hereby agree to comply with all applicable provisions of Butler Township's Codified Ordinance.
