Fire District Update

1. The Fire District had several members attend the Monroeville Fire/EMS Expo. Crews brought back a plethora of information from vendors to help the Fire District progress.
2. The Fire District hosted several CPR classes. We had active and social members attend, and it gave us the opportunity to have several of our CPR instructors validate their instructional skills.
3. The last weekend in March there was a large-scale weather event. The Fire District responded to nearly 50 calls for service including multiple structure fire responses.

Emergency Services Update

- The Director of Emergency Services participated in the monthly EMA training at Butler County Emergency Services.

- The Director is working to update the website with an “After the Fire” resources page to aid residents in navigating the requirements following a fire.

- The Director is working as part of the County Fire Chief’s association to work to educate county and local officials on the needs of the Fire Service. Additionally, the Fire Chief’s association is looking to rebuild the Fire School weekend and bring in more outside, real-world training.
