Fire Inspection Report
Fire District Update
Fire District Incident Statistics

Mission Statement

The mission of the Butler Township Emergency Services Department is to provide the highest level of customer service to the community with highly professional, well-coordinated emergency services accomplished through training, education, planning and management of mitigation, preparedness, response and recovery from natural and man-made disasters.

Vision Statement

The Emergency Services Department of Butler Township's vision is to lead in all areas of Fire and Rescue Services, Fire and Life Safety Inspections, and Emergency Management by providing rapid, professional response to emergencies and providing leadership and education to the community.

INCORPORATED 1804

Fire District Update

1. The Fire District attended Kids Day America event at Butler Farm Show Grounds. Crews provided Fire safety education to children and their parents.

2. The Fire District participated in the Butler Memorial Day Parade, Chicora Memorial Day Parade, and the Prospect Memorial Day Parade.

3. The Fire District had four students and three staff participate at the 24 Hour ERS. Crews responded to nearly 100 incidents in the 24-hour period. Scenarios ranged from structure fires, fire alarms, vehicle collisions, and technical rescue scenarios. It was a great training opportunity for both students and instructors.

Emergency Services Update

- The Director assisted as an instructor for the 24-hour ERS.

- The Director initiated the Inspection, Testing and Maintenance Module for First Due. In this module, 3rd party vendors for recurrent services (Fire Extinguisher Inspections, Fire Suppression Systems, Fire Detection Systems, and Kitchen Suppression Systems) report their services to this module.

- The Director attended a round table discussion with the State Fire Commissioner. Discussion centered around challenges facing the fire service, and the initiatives at the State Level to support Fire Service Organizations statewide, include grants, critical legislation, and relief association reform.

- The Director attended the launch of Pulse Point app. This app is a critical component in the chain of survival for cardiac arrests as it notifies trained, registered responders of a cardiac arrest in their area.

Emergency Response Statistics
